

INSTRUCTIONS FOR CORRECTION

1. Correct the spelling of city names.
2. If the target is the entire town insert the word "Complex" under the installation column and under the coordinate column show the coordinates for center of the town.
3. If the target is an installation within a town give the coordinates for the installation. When the final listing is prepared, installations will be listed below the line showing the town complex.
4. Circle primary categories. On the final listing the primary categories will be separated from the secondary categories. The categories are as follows:

5. Verify accuracy of BR numbers for complexes versus installations and where possible supply missing numbers.
